2. We have not had a formal examination of [REDACTED] by cable as yet but I felt that perhaps with his name and service number you might be able to conduct a preliminary check in your record system. [REDACTED] will presumably notify us of the status of his FVT clearance, and [REDACTED] indicated that he would furnish biographic data at his earliest opportunity. [REDACTED] added that there is another [REDACTED] under consideration by [REDACTED] as yet undesignated, to work with [REDACTED]. I will let you know the identity of the latter individual as soon as it is made known to me.
